

**Trade with Protection**

# Australian Licensed. Trading Redefined

Killara Securities Licence

**001322159**

(KILLARA SECURITIES PTY LTD)

Operating within an ASIC-regulated  
framework

Integrating trade execution, account management, risk controls and protection mechanisms within a unified fintech infrastructure.

# Beyond Traditional Trading | Introducing “Trading + Protection”

## Traditional Trading

### Single Trading Path

After a major loss, trading capacity declines with your capital

## PumpkinVine

### Trading + Protection

After a major loss, you still have a second opportunity to trade

**PumpkinVine** goes beyond trading by integrating **SECOND LIFE** protection directly into the trading experience

From everyday trading to a second opportunity after a major loss, creating a more complete trading journey

# SECOND LIFE | A Second Chance When Markets Turn Against You

---

## Not Principal Protection. A Second Chance.

---

No promise of a guaranteed win  
But when markets turn against you  
you still have another opportunity  
to trade

## Automatic Credit Activation

---

When the original account reaches  
the defined loss threshold  
trading credit is automatically activated  
allowing you to continue trading  
without interruption

*“ Not a guarantee that the next trade will win — ”  
but another chance to earn your principal back*

# SECOND LIFE | Simple Entry, Two Steps to Start

## STEP 01

Minimum Starting Capital

**$\geq 1,000U$**

Meet the minimum entry  
requirement

## STEP 02

Pay the Initial Protection Fee

**10%**

10% of the original principal  
Example: 1,000U → 100U  
Protection Fee

## RESULT

**Protection Activated**

Original account continues  
trading normally

Two Simple Steps. **SECOND LIFE** Starts Immediately

# SECOND LIFE | Your Second Chance Starts Here

— Example based on 1,000U original principal

## START

- Original principal: 1,000U
- 10% Protection Fee paid
- SECOND LIFE protection active

## TRIGGER

- Original account loses **≈ 80%**
- Remaining balance **≈ 200U**
- Trigger condition reached
- SECOND LIFE activates automatically

## SECOND LIFE

- 500U Trading Credit activated
- = 50% of original principal
- For trading only — not directly withdrawable
- 500U is trading credit, not a profit cap
- Liquidation at **≈ 300U** account equity
- Remaining credit can no longer be used

## RECOVERY

- Original account balance: 200U
- + : Up to **800U** eligible profit returned
- = : Original principal restored to **1,000U**
- SECOND LIFE Standard is capped at restoring the original principal

# SECOND LIFE | Gradual Profit Release, Structured Returns

**Stay Active**  
**Keep Returns Flowing**

Reviewed  
Every 2 Trading Days

**Qualified Trading**

At least 1 complete trade  
(Open + Close)

Remaining Dynamic  
Pending Returns Cleared

# SECOND LIFE | Profit Withdrawal Ends the Corresponding Benefit

Profit withdrawal marks the end of the corresponding SECOND LIFE benefit.

## Original Trading Account

First Profit  
Withdrawal

## SECOND LIFE Protection Ends

Once profits are withdrawn from the original trading account, the corresponding SECOND LIFE protection ends.

**Profits can be  
taken out,**  
but the second chance  
does not continue  
indefinitely.

## SECOND LIFE Credit Account

First Profit  
Withdrawal

## Credit Facility Ends

Once available returns are withdrawn from the credit account, the credit facility ends.

# SECOND LIFE PRO | More Flexibility, More Possibilities

— Once SECOND LIFE is triggered, you can upgrade to PRO for greater trading flexibility and uncapped profit potential. —

Upgrade Protection Fee

**+10%**

Additional Protection Fee

Based on 1,000U original principal  
Upgrade to PRO: additional 100U

Uncapped Profit Potential

Client 80% | Platform 20%

Break beyond the principal-recovery limit and keep trading beyond recovery.

— One additional fee for greater trading flexibility and uncapped profit potential. —
